

# Keep your flowers fresh during transport

## Chrysal Arrive Alive Eco

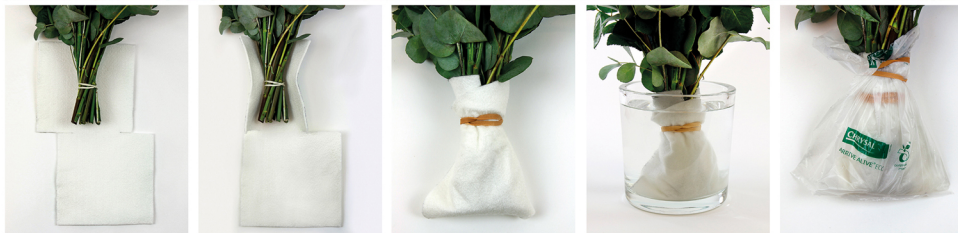

is an eco-friendly flower wrap to keep flowers hydrated during transport. It creates a water reservoir for flowers thus ensuring hydration during transport. Flowers can even be transported horizontally. Also ideal in boxes for online delivery.

- Eco Friendly
- From renewable resources & fully compostable
- Ideal for online delivery
- Keeps flowers fresh 2-5 days without bucket or vase

**Chrysal Cares. Helping nature together**

## Instructions:

1. Put bouquet on Arrive Alive® Eco wrap
2. Fold Arrive Alive® Eco around the stems
3. Tie with compostable rubber band
4. Dip bouquet in Chrysal solution for 10 sec. to soak up
5. Put in compostable bag, tie with band and add Chrysal sachet to bouquet
