

Chrysal Christmas Tree Food (Liquid) – *Extend the Life of Your Christmas Tree*

Overview: Chrysal Christmas Tree Food is specially formulated to enhance the freshness and longevity of your Christmas tree throughout the festive season. This liquid solution significantly reduces needle drop and maintains vibrant needle color, ensuring your tree remains beautiful and healthy for longer.

Key Benefits:

- Significantly reduces needle loss.
- Maintains needle color vibrancy.
- Clear and odorless formulation for aesthetic appeal.

Convenient Application:

- Suitable for all types of tap water.
- Easy-to-use, available in convenient 250 ml bottles.

Instructions for Use:

- **Dosage:** Mix 1 cap of Chrysal Christmas Tree Food per liter (quart) of tap water.
- **Preparation:** Cut approximately 2 inches (5 cm) from the base of the tree and immediately place the trunk into the holder filled with the prepared solution.
- **Storage:** Keep in cool, dry, and dark conditions (optimal temperature range 41°F and 77°F / 5°C to 25°C).
- **Shelf Life:** Up to 18 months when stored correctly.
- **Holder Compatibility:** Avoid using in unprotected metal tree holders (zinc, copper, iron) or antique crystal vases.
- **Maintenance:** Top up every 5-7 days with freshly mixed Chrysal Christmas Tree Food solution for optimal results.
- **Disposal:** Residual solutions can safely be disposed of in the sewage system.

Christmas tree - day 58*

* Dry = no water. Water alone = no recut, water + water top-up. Recut + Chrysal = recut, water + Chrysal, water + Chrysal top-up
