

Chrysal Leafshine (aerosol) – *Natural Gloss for Plants and Foliage*

Overview: Chrysal Leafshine (Aerosol) provides a beautiful, natural-looking shine to the leaves of plants and cut foliage. This easy-to-use spray is ideal for growers, retailers, interior landscapers, and consumers looking to enhance plant presentation while reducing evaporation and concealing spots.

Key Benefits:

- Instantly adds a natural gloss to plant leaves.
- Makes dust, rust, lime spots, and watermarks invisible.
- Protects against extreme evaporation.
- Provides even coverage without drops or staining.
- Does not clog leaf pores.
- Shine can last over a month.

Convenient Application:

- Ready-to-use spray suitable for foliage and plant leaves.
- Available in 125 ml, 250 ml, 450 ml, and 750 ml aerosol cans.
- Not suitable for hairy or soft-leaved plants such as Yucca, Oleander, Ferns, Succulents, Cacti, and Euphorbia.

Cost Efficiency & Quality Assurance:

- Enhances plant display quality and shelf appeal.
- Reduces need for frequent maintenance.
- Safe and effective for professional and consumer use.

Instructions for Use:

- **Preparation:** Shake the aerosol well before use.
- **Application:** Hold can upright and spray tops of leaves from approximately 14 inches (35 cm).
- **Storage:** Keep in cool, dry, and dark conditions (optimal temperature range 41°F and 77°F / 5°C to 25°C).
- **Shelf Life:** Up to 36 months when stored properly.
- **Application Caution:** Avoid spraying into the center of plants. Do not spray in direct sunlight. If wrapping foliage, wait five minutes after application. Avoid contact with furniture and floors, as sprayed areas may become slippery.
