

Chrysal Professional 3 (Liquid) – Vase Solution for Full Flower Development

Overview: Chrysal Professional 3 is a liquid floral solution ideal for use in vases and floral foam. Designed for consumers and institutional users, it contains the right balance of nutrients to fully develop and maintain cut flowers. It is part of the Chrysal Guarantee Concept and is easy to dose manually or automatically.

Key Benefits:

- Keeps flowers in optimal condition.
- Maintains natural color and reduces fading.
- Prolongs vase life by up to 60% compared to water alone.
- Lowers water pH to improve freshness.
- Leaves and stems remain firm and green.
- Clear, odorless solution.

Convenient Application:

- Suitable for all types of tap water.
- Ideal for use in glass vases and floral foam.
- Can be dosed manually or automatically.
- Glucometer-compatible for dosage control.
- Available in multiple sizes (1, 5, 15 and 50 gallons).

Cost Efficiency & Quality Assurance:

- Reduces flower wastage.
- Decreases potential consumer claims.
- Long-lasting results throughout the vase period.

Instructions for Use:

- **Dosage:** 10 ml per quarter (liter) of water.
- **Storage:** Store between 41°F and 77°F (5°C and 25°C) in cool, dry, and dark conditions.
- **Shelf Life:** Up to 18 months in sealed packaging under proper conditions.
- **Solution pH:** 3.5 – 5.5 depending on water alkalinity.
- **Compatibility:** Do not use in unprotected metal or antique crystal vases.
- **Maintenance:** Use the same solution throughout the vase period. Residual solution may be safely drained.

Chrysal Professional 3 delivers professional-quality flower hydration and nourishment for consumers and institutions alike.
