

Chrysal Clear Bulbosus Powder Sachet – *Optimal Nutrition for Bulb Flowers*

Overview: Chrysal Clear Bulbosus Powder provides specialized nutrition designed specifically to enhance the growth, performance, and vase life of bulb flowers such as Iris, Tulip, Freesia, and Gladiolus. These sachets ensure flowers reach their full potential in terms of bloom size, color, fragrance, and overall freshness.

Key Benefits:

- Extends vase life significantly for bulb flower varieties.
- Enhances bloom size, vibrant colors, and fragrance.
- Maintains high leaf quality.
- Lowers water pH for optimal freshness.
- Clear and odorless solution.

Convenient Application:

- Available in sachets for preparing 1 Liter (1 quart) solutions.
- Easily attached to bouquets manually or automatically.
- No need for water changes or stem re-cuts during vase life.

Cost Efficiency & Quality Assurance:

- Significantly reduces flower wastage.
- Minimizes consumer complaints, enhancing customer satisfaction.
- Provides premium quality at low cost per stem.

Usage Recommendations:

- **Dosage:** One sachet per 1 liter (1 quart) of water.
- **Storage:** Keep in cool, dry, and dark conditions (optimal temperature range 41°F and 77°F / 5°C to 25°C).
- **Shelf Life:** Up to 18 months when stored correctly.
- **Solution pH:** Ranges between 3.5 – 5.5 depending on water alkalinity.
- **Vase Compatibility:** Not recommended for use in unprotected metal vases (zinc, copper, iron) or antique crystal vases.
- **Maintenance:** If necessary, top up vase with additional water mixed with Chrysal Universal Flower Food.
- **Disposal:** Residual solutions can safely be disposed of via sewer systems.
