

Chrysal Clear Cut Flower Food (Consumer Bottle) –

Nourishment for All Cut Flowers

Overview: Chrysal Clear Cut Flower Food is specially formulated to support the full development of cut flowers in vases or floral foam. Suitable for a wide variety of flower types and mixed arrangements, this easy-to-use solution in a 250 ml bottle helps ensure vibrant, long-lasting floral displays at home or in professional settings.

Key Benefits:

- Provides essential nutrients for complete flower development.
- Enhances flower opening, color vibrancy, and leaf quality.
- Extends vase life compared to water alone.
- Mixes easily, clearly, and without odor in water.
- Helps lower water pH for better hydration.
- Offers a vase life guarantee of 7+ days with proper care.

Convenient Application:

- Designed for use in vases and floral foam.
- Suitable for all types of tap water.
- No need to re-cut stems or change water during vase period.
- Easy-to-dose: 10 ml per 1 quart (liter) of water (1 capful).
- Available in 250 ml consumer bottles.

Cost Efficiency & Quality Assurance:

- Reduces flower waste and consumer complaints.
- Delivers added quality value at a low cost per stem.
- Ideal for both everyday use and floral professionals.

Usage Recommendations:

- **Dosage:** Mix 1 capful (10 ml) of Chrysal Clear Cut Flower Food per quart (liter) of tap water.
- **Storage:** Keep in cool, dry, and dark conditions (optimal temperature range 41°F and 77°F / 5°C to 25°C).
- **Shelf Life:** Up to 18 months when stored correctly.
- **Holder Compatibility:** Avoid using in unprotected metal tree holders (zinc, copper, iron) or antique crystal vases.
- **Maintenance:** Top up every 5-7 days with freshly mixed Chrysal Clear Cut Flower Food solution for optimal results.
- **Disposal:** Residual solution may be safely drained into the sewer system.
